(1-855-925-4948)

Monday – Friday 8 AM to 8 PM ET

WAKIX for You Program Overview

WAKIX for You is a patient support program that helps people prescribed WAKIX® (pitolisant) get started and stay on track with treatment.

WAKIX for You:

- Facilitates gaining approval from your insurance plan
- Assesses eligibility for financial coverage options
- Sends the prescription to the Specialty Pharmacy, which will deliver WAKIX directly to you

You'll get started in three steps...

Step 1 – WAKIX Prescription

Healthcare Provider Prescribes WAKIX

The healthcare provider will:

- Fill out a prescription form for WAKIX
- Ask you to sign the Patient Services Authorization
- Send the form to **WAKIX for You**

It's important to know...

Signing the Patient Services Authorization allows access to various support services, including financial support programs.

- If you are not able to sign this section of the form at the healthcare provider's office, **WAKIX for You** will work with you to sign it electronically

We recommend adding **1-855-925-4948** to your phone contacts so you recognize **WAKIX for You** when they call.

WAKIX for You Program Overview

Step 2 – Insurance Coverage

You Will Receive a Call From WAKIX for You

Your dedicated **WAKIX for You** Patient Case Manager will help you understand the next steps for getting the WAKIX® (pitolisant) prescription filled and will work with the healthcare provider's office to determine what information or documentation is needed for insurance approval.

Your **WAKIX for You** Patient Case Manager will call you:

- When the prescription form is first received, to explain the **WAKIX for You** program and available services, including financial support programs
- If any further information is needed from you as the prescription is being processed
- To let you know which Specialty Pharmacy will be filling the WAKIX prescription

It's important to know...

WAKIX prescriptions are filled through a Specialty Pharmacy, which may be different than how you've received other prescription medications.

Specialty Pharmacies are often used for diseases or disorders that affect smaller groups of people where additional support might be needed. They also ship medications directly to you.

WAKIX Copay Program

If you have commercial insurance, you may be eligible to **pay as little as a \$0 copay on WAKIX prescriptions** with the **WAKIX for You** program.*

*This offer is valid only for patients who have commercial (nongovernment-funded) insurance. Additional terms and conditions apply.

We recommend adding **1-855-925-4948** to your phone contacts so you recognize **WAKIX for You** when they call.

WAKIX for You Program Overview

Step 3 – Specialty Pharmacy

You Will Receive a Call From the Specialty Pharmacy

Once the WAKIX® (pitolisant) prescription is processed, it will be filled by one of 3 Specialty Pharmacies: Accredo, CVS Specialty Pharmacy, or PANTHERx Rare.

After receiving the prescription, the Specialty Pharmacy will call you to:

- Discuss your benefits and any financial responsibility that may not be covered by your insurance plan, as well as other support options that may be available
- Review any other medications being taken
- Schedule the initial shipment of WAKIX to the location of your choice

The Specialty Pharmacy is required to speak with you live to schedule your first shipment. Be sure to follow up promptly if you miss a call from them.

The Specialty Pharmacy will send you a packet with information about WAKIX and other helpful resources.

You'll have the option to sign up for reminder texts, emails, and other resources from the Specialty Pharmacy.

Getting refills each month

The Specialty Pharmacy will contact you each month, about a week before the last WAKIX dose, to arrange shipment of the next refill to the location of your choice.

Be sure to ask the Specialty Pharmacy about online prescription refills.

The Specialty Pharmacy will notify the healthcare provider when a new prescription is needed or when a reauthorization is required.

It's important to...

Tell the Specialty Pharmacy if there are any changes or updates to your insurance plan or your contact information at any time.

They will work with your new insurance provider to determine coverage.

WAKIX for You

Important Steps to Remember

1

WAKIX Prescription

- Read and sign the Patient Services Authorization
- Healthcare provider sends the prescription form to **WAKIX for You**

2

Insurance Coverage

Expect a call from your **WAKIX for You** Patient Case Manager to:

- Explain the program, available services, and financial support options
- Gather additional information to process the prescription
- Notify you when the prescription is sent to the Specialty Pharmacy

3

Specialty Pharmacy
